ED 042 929 VT 011 830

TITLE	Abstracts of Instructional Materials in Vocational and Technical Education and Abstracts of Research and Related Materials in Vocational and Technical Education. Annual Index, 1969-70.
INSTITUTION	Ohio State Univ., Columbus. Center for Vocational and Technical Education.
SPONS AGENCY	Office of Education (DHEW), Washington, D.C.
PUB DATE	70
NOTE	134p.
AVAILABLE FROM	ERIC Clearinghouse for Vocational and Technical Education, The Ohio State University, 1900 Kenny Road, Columbus, Ohio 43210 (Quarterly publication of AIM or ARM, $11.00 per year)
EDRS PRICE	EDRS Price MF-$0.75 HC-$6.80
DESCRIPTORS	*Bibliographies, Clearinghouses, *Educational Research, *Indexes (Locaters), *Instructional Materials, Resource Materials, Technical Education, *Vocational Education

ABSTRACT

Cumulative indexes to the four issues of "Abstracts of Instructional Materials in Vocational and Technical Education" (AIM), and the four issues of "Abstracts of Research and Related Materials in Vocational and Technical Education" (ARM) published quarterly, Fall 1969-Summer 1970, are provided in this annual publication. Researchers, supervisors, teacher educators, education specialists, administrators, and teachers may use this document as a tool in searching by author or by subject for materials acquired and processed by the Educational Resources Information Center (ERIC) Clearinghouse on Vocational and Technical Education. Sections include: (1) Subject Index, (2) Personal and Institutional Authors Index, (3) Vocational and Supporting Services Index, (4) VT Number, Issue, and Page Number Index, and (5) Conversion of Document Number Index. CLEARINGHOUSE ON
VOCATIONAL AND
TECHNICAL EDUCATION

VT011830

The Center for Vocational and Technical Education has been established as an independent unit on The Ohio State University campus with a grant from the Division of Comprehensive and Vocational Education Research, U. S. Office of Education. It serves a catalytic role in establishing consortia to focus on relevant problems in vocational and technical education. The Center is comprehensive in its commitment and responsibility, multidisciplinary in its approach, and interinstitutional in its program.

The major objectives of The Center follow:

1. To provide continuing reappraisal of the role and function of vocational and technical education in our democratic society;
2. To stimulate and strengthen state, regional, and national programs of applied research and development directed toward the solution of pressing problems in vocational and technical education;
3. To encourage the development of research to improve vocational and technical education in institutions of higher education and other appropriate settings;
4. To conduct research studies directed toward the development of new knowledge and new applications of existing knowledge in vocational and technical education;
5. To upgrade vocational education leadership (state supervisors, teacher educators, research specialists, and others) through an advanced study and inservice education program;
6. TO PROVIDE A NATIONAL INFORMATION RETRIEVAL, STORAGE, AND DISSEMINATION SYSTEM FOR VOCATIONAL AND TECHNICAL EDUCATION LINKED WITH THE EDUCATIONAL RESOURCES INFORMATION CENTER LOCATED IN THE U. S. OFFICE OF EDUCATION.

Abstracts of Instructional Materials in Vocational and Technical and Abstracts of Research and Related Materials in Vocational and Technical Education are quarterly publications (Fall, Winter, Spring, Summer) published by the ERIC Clearinghouse on Vocational and Technical Education. Subscriptions are $11.00, one year; $18.00, two years; and $27.00, three years. Send order to ERIC Clearinghouse, The Center for Vocational and Technical Education, The Ohio State University, 1900 Kenny Road, Columbus, Ohio 43210. Contents of this publication may be reprinted freely without requesting permission, providing appropriate credit is given to the Clearinghouse.

PREFACE

This publication provides combined cumulative indexes to the four issues of Abstracts of Instructional Materials in Vocational and Technical Education (AIM) and Abstracts of Research and Related Materials in Vocational and Technical Education (ARM) published September 1968-Summer 1969. These indexes are organized to permit location of materials published in the 1968-69 AIM and ARM by date of publication.

Abstracts of Instructional Materials in Vocational and Technical Education (AIM) and Abstracts of Research and Related Materials in Vocational and Technical Education (ARM) announce the availability of documents acquired and processed by the ERIC Clearinghouse on Vocational and Technical Education. AIM includes abstracts of materials typically designed for teacher use or student use in the classroom, and annotations of bibliographies or lists of instructional materials. It will be of particular interest to teachers, curriculum specialists, supervisors and administrators involved in the use of instructional materials in the teaching-learning setting, or in curriculum development. ARM incorporates abstracts of research and other materials which are useful to a wide audience of users such as researchers, supervisors, teacher educators, education specialists, administrators, teachers and others who have an interest in vocational and technical education. These publications prepared by the ERIC Clearinghouse on Vocational and Technical Education are published quarterly beginning with the Fall 1967 issue.

The ERIC Clearinghouse on Vocational and Technical Education is a division of the Center for Research and Leadership Development in Vocational and Technical Education located at The Ohio State University and is one of the clearinghouses of the Educational Resources Information Center (ERIC-USOE). With the growth of vocational and technical education programs, there is an increasing need for accessible information that can be used in developing logical chains of reasoning for research activities, for improving school practices and for shortening the theory-practice gap. This Clearinghouse is striving to provide a useful and vital function in dissemination of information on vocational and technical education. AIM and ARM give visibility to a document-based information system which constitutes an on-going data bank of research and resource materials in vocational and technical education. Following are some of the benefits derived from this data base:

*A central source of information to be reviewed and synthesized into state-of-the-art papers, critical reviews, interpretive papers, etc.

*A resource which includes different kinds of materials, e.g., instructional materials, descriptive reports, survey reports, dissertations, conference proceedings, program plans or procedures, research reports.

*Provisions for availability of primary source materials through the ERIC Document Reproduction Service (EDRS) and/or other distribution agencies.

*A source of bibliographies and a resource for development of bibliographies.

*A source of materials for different user groups (i.e., administrators, supervisors, teacher educators, teachers, legislative and advisory bodies) with information needs in such diverse areas as teaching and learning, manpower needs and requirements, research design and methodology, evaluation.

Since this Clearinghouse is a component of a larger information system, ERIC, it is logical that certain similarities among publications exist. In this regard the format of AIM and ARM is similar to that of Research in Education (RIE)[1], the primary publication of the Educational Resources Information Center (ERIC). RIE includes abstracts from all ERIC Clearinghouses. The abstracts of materials reported in AIM and ARM relate specifically to the educational field of vocational and technical education and constitute a segment of ERIC, the national information system for American education.

In addition to the two quarterly publications, Abstracts of Instructional Materials in Vocational and Technical Education (AIM), and Abstracts of Research and Related Materials in Vocational and Technical Education (ARM), other publications will be issued from time to time. These will typically concern themselves with reviewing and synthesizing information in specific areas of vocational and technical education, e.g., Review and Synthesis of Research in Technical Education; Agricultural Education; Home Economics; etc., and with reviewing and synthesizing information related to topical areas such as the economics of vocational and technical education.

We are indebted to our colleagues within the profession for their cooperation in forwarding materials to the clearinghouse and for their suggestions and comments which have materially assisted in the development of this program. We anticipate further refinement and improved procedures with the continued assistance of our advisory committee.

Robert E. Taylor
Director

---

[1] Research in Education is published 12 times a year. The first issue was no. 1, November 1966. Subscription: Domestic $21.00 a year; foreign $5.25 additional. Single copy: Domestic, $1.75. Send check or money order (no stamps) to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402

INTRODUCTION

Organization of the Annual Index

This annual index to the materials previously announced in Abstracts of Instructional Materials in Vocational and Technical Education (AIM) and Abstracts in Research and Related Materials in Vocational and Technical Education (ARM) covers the issues Fall 1969, Winter 1969, Spring 1970, Summer 1970. Indexes appear in the following order:

Subject and Identifier Index
Personal and Institutional Author Index
Vocational and Supporting Services Index
VT Number, Issue, and Page Number Index
Conversion of Document Number Index

The organization of this publication will enable the user to search for materials by author, by subject, or by service area. Under each author, each subject, or each service area, document numbers of the abstracts published in the 1969-70 AIM and ARM are grouped by year of publication of the document. Thus materials published during the current year and previous years can easily be identified.

The first column under the author index, subject index, or service area index is the year of publication. Following this are the VT numbers of the documents published during that year, arranged in ascending numerical order. Those documents without a date will be listed under nd. The usual VT symbol and initial one or two digits, 0 or 00, are not used in the cumulative index in order to avoid repetition and to make the number itself easily read. For example, the number VT 007 497 has been reduced to 7497. To further assist the user, these numbers are displayed sequentially as follows:

000-0999
1000-1999
2000-2999
3000-3999
4000-4999
5000-5999
6000-6999
7000-7999
8000-8999
9000-9999
10000-10999
11000-11999

EXAMPLE

		VT Numbers
HERBST, J.H.		
69:	9620 ←	9,000 Series
	10725 ←	10,000 Series
70:	10727 ←	10,000 Series
AMERICAN ASSOCIATION OF JUNIOR COLLEGES, WASHINGTON, D.C.		
nd:	7136 ←	7,000 Series
66:	8063 ←	8,000 Series
68:	5467 ←	5,000 Series
	7694 ←	7,000 Series

Year of publication of documents

Use of the Annual Index

The Subject Index, Author Index, and the Vocational and Supporting Services Index supply only the year of publication of a document and the VT number of the abstract of this document; therefore, the following steps will need to be taken in using these indexes.

A. Subject Index

1. In order to make the most efficient use of the Subject Index, it is important to utilize the coordinate concept in structuring a search.

2. Formulate and write out question or statement about the problem for which information is needed. Underline the key words representing the major concepts of the problem.

   EXAMPLE: How has technological advancement affected industry?

3. Examine the listings found in the Subject Index under the terms technological advancement and industry. Whenever the same VT number appears under both terms, make a notation of the number. In the example below, the numbers have been circled.

   EXAMPLE:

   Technological Advancement
   63: 4359
   6158
   64: 774
   6536
   65: 3974
   6537
   66: 2692
   3669, 3840,
   3961, 3962
   5794, 5795, 5797
   7727
   67: 4125, 4909
   68: 6653, 6694
   7585
   69: 8165

   Industry
   ND: 6933
   9281
   63: 2307
   64: 3287
   5603
   8073
   65: 2861
   66: 3961
   5795
   7727
   9735
   67: 2554
   6393
   8233
   68: 5619, 5853
   6617, 6790
   7585
   8819

4. It has now been determined that four reports; namely, VT 3961, VT 5795, VT 7727, and VT 7585, are concerned with both the concept of technological advancement and the concept of industry. The user does not have to examine all reports listed under technological advancement or industry. The search has been narrowed to four reports by using the coordinate concept.

5. Use the VT Number, Issue and Page Number Index to determine the issues of AIM or ARM that contain the desired reports.

EXAMPLE:

VT Numbers to be checked	VT Number, Issue & Page Number Index		
3961	3961	F 69	52
5795	5795	F 69	61
7727	7727	SP70	521
7585	7585	SP70	520

6. Refer to resumes in the appropriate issues of AIM or ARM for the author, title, abstract and availability statements of each report.

B. Author Index and/or the Vocational and Supporting Services Index

1. Decide whether all or part of the VT numbers are to be checked and make a list of the numbers.

EXAMPLE: What has John M. McKee published during 1966?

MCKEE, JOHN M.	VT Numbers to be checked
64: 5715	2189
65: 2192, 2193	2190
5178, 5719	
66: 2189, 2190	
67: 4372	

2. Use the VT Number, Issue and Page Number Index to determine the appropriate issues and page numbers of AIM or ARM.

EXAMPLE:

VT Numbers to be checked	VT Number, Issue and Page Number Index		
2189	2189	F 69	9
2190	2190	F 69	10

3. Refer to resumes in the appropriate issues of AIM or ARM for the author, title, abstract, and availability statements of each report.

The VT Number, Issue and Page Number Index contains a sequential listing of VT numbers. On the same line with each VT number is the issue of AIM or ARM by date of issue and the page number of that volume in which the resume can be found. The letter "A" before the issue signifies AIM. Citations without the letter "A" refer to the publication ARM.

EXAMPLE:
VT Number → 9960 ASU70 507 ← Page Number
AIM
Summer Issue
Year of issue of AIM

Resumes which have also appeared in Research in Education are listed in the Conversion of Document Number Index by VT number to ED number.

Availability of Materials Reported in AIM and ARM

A basic concept of the ERIC system is to make known the availability of the full text of materials abstracted. Most of the materials processed into the ERIC system with an ERIC Document (ED) number will be available from the ERIC Document Reproduction Service (EDRS) in the form of microfiche or facsimile copy. There is an EDRS availability line with each abstract which indicates if a document may be obtained from EDRS. If a document is not available from EDRS, the agency and address from which the document may be obtained is in the resume. Microfiche or facsimile copy must be ordered by ED (ERIC Document) number since EDRS is not set up to respond to requests for materials by subject, author, or title. AIM and ARM indexes can be used to determine ED numbers which relate to problem areas. Always check the most current issue of RIE for the latest price schedules and ordering procedure for microfiche (MF) and facsimile copy, called hard copy (HC).

Materials with ED numbers are announced in Research in Education (RIE) as well as AIM or ARM. These are available as individual documents through EDRS or another source. Documents with VT numbers only are not announced in RIE but are included in AIM and ARM. They are not available as individual documents from EDRS but as part of a VT-ERIC set. Microfiche for an individual document in one of these sets is obtainable only through purchase of the set or from agencies that have this set and have the capability of reproducing microfiche. Reports in these sets are identified in the resume by the phrase MF AVAILABLE IN VT-ERIC SET. The documents are grouped in VT number sequence in the microfiche set for each issue of AIM or ARM. Each set is announced in RIE under a single (ED) number. The Fall 1967 - Summer 1968 Microfiche Collections contain documents with VT numbers only and ED documents. Beginning with Fall 1968, the microfiche set contains the documents which have only VT numbers. Thus the microfiche collection for a particular issue of AIM or ARM now contains the items in that issue of AIM or ARM which have the statement, MF AVAILABLE IN VT-ERIC SET, in the resume. These sets may be ordered from EDRS. Information to be used in ordering the sets for AIM and ARM follows:

AIM Microfiche Collection

AIM	ED Number	Microfiche
Fall 1967	ED 013 339	$22.25
Winter 1967	ED 015 349	$40.25
Spring 1968	ED 017 746	$54.00
Summer 1968	ED 020 442	$53.00
Fall 1968	ED 022 971	$38.50
Winter 1968	ED 028 305	$41.00
Spring 1969	ED 030 770	$58.00
Summer 1969	ED 032 434	$86.00
Fall 1969	ED 034 074	$70.00
Winter 1969	ED 037 585	$58.75
Spring 1970	ED (See Nov. '70 RIE)	$48.25

ARM Microfiche Collections

ARM	ED Number	Microfiche
Fall 1967	ED 013 338	$25.00
Winter 1967	ED 015 348	$26.25
Spring 1968	ED 016 876	$38.00
Summer 1968	ED 019 526	$72.75
Fall 1968	ED 022 065	$ 5.75
Winter 1968	ED 027 441	$34.25
Spring 1969	ED 030 011	$25.00
Summer 1969	ED 031 587	$26.75
Fall 1969	ED 033 237	$ 8.50
Winter 1969	ED 036 657	$31.75
Spring 1970	ED 039 370	$35.00

It should be noted that organizations which have standing orders with EDRS for the total microfiche collections in RIE will automatically receive the AIM and ARM microfiche collections. If an organization wishes to order only the materials abstracted by VT-ERIC which are announced in RIE and are on microfiche, a standing order may be initiated with EDRS for a VT-ERIC package. This package will automatically include the AIM and ARM microfiche collections. Contact EDRS for information about cost of current or retrospective VT-ERIC packages.

Availability Key for Materials Reported in AIM and ARM

Accession Number	Availability on Microfiche
ED number supplied	ERIC Document Reproduction Service (EDRS) provided that the information is shown on EDRS price line.
ED appears with reference to an RIE issue, e.g., ED (See Aug. '69 RIE)	If a price is given for microfiche, the fiche is unavailable from EDRS (at time of printing) until an ED number is assigned and published in RIE. The issue of RIE in which the abstract is scheduled to appear follows the ED prefix. After assignment of numbers has been made by Central ERIC, the Conversion of Document Number Index in each succeeding issue of AIM and ARM will include numbers for documents listed with an ED and RIE date in the previous issue.
VT number only supplied	Available on microfiche in VT-ERIC set from EDRS as indicated.
Items not available through EDRS or in a VT-ERIC set will usually have a source of availability cited on the availability line in the resume.	

ERIC Document Reproduction Service (EDRS)

The ERIC Document Reproduction Service (EDRS) is operated by The National Cash Register Company. Request order forms from:

EDRS
The National Cash Register Company
4936 Fairmont Avenue
Bethesda, Maryland 20014

Prices for microfiche and/or hard copy undergo occasional changes which become effective when announced in Research in Education. EDRS prices cited in AIM and ARM reflect the prices in effect at the time of publication. Retrospective use of AIM and ARM requires attention to the most recent price schedules and ordering information which is available in a current issue of RIE.

Scope of the Clearinghouse

The Clearinghouse on Vocational and Technical Education is responsible for acquiring, processing, and disseminating through the ERIC system, research reports, instructional materials, information analysis products and other resource materials related to vocational and technical education. In addition to this general area, coverage includes the specific occupational fields of agricultural education, business and office occupations education, distributive education, health occupations education, home economics education, technical education, trade and industrial education, and new sub-professional fields. The clearinghouse scope also encompasses the related fields of industrial arts education, manpower economics, occupational psychology, and occupational sociology. The following subject categories when specifically oriented to vocational-technical education and its related fields are included in the scope of the clearinghouse: administration and supervision, curriculum, employment and occupations, evaluation and measurements, facilities and equipment, historical studies, individuals with special needs, instructional materials and devices, philosophy and objectives, research design and development, occupational guidance and other student personnel services, students, teachers, teacher education, teaching and learning.

Acquisitions

The adequacy of information in this publication, as well as other services of this Clearinghouse, is directly related to the extensiveness of the information acquired and processed into the system. This Clearinghouse has assumed the initiative in obtaining as much of the available information as possible. However, it is impossible for any organization to achieve complete and comprehensive coverage of a field as vast as vocational education without the cooperation and assistance of the profession. The growth and ultimate effectiveness of the system require supplemental efforts of its users. Any person in the vocational or technical field is invited to forward to the Clearinghouse two copies of items relating to vocational-technical education for possible inclusion in the system. Questions relating to this endeavor should be directed to the Acquisitions Specialist at the Clearinghouse.

KEY

x Limited number of complimentary copies available. Address orders to: Dissemination Specialist, The Center for Vocational and Technical Education, The Ohio State University, 1900 Kenny Road, Columbus, Ohio 43210.

o Out-of-print, available only through the ERIC system (see*).

* Documents which show an ED number and issue of Research in Education (RIE)[1] are available on microfiche or facsimile copy through ERIC Document Reproduction Service (EDRS). Ordering information is obtained from the appropriate issue of RIE.

Documents shown with a VT number are being processed for introduction into the ERIC system and will be available on microfiche and facsimile copy when announced in the issue of Research in Education (RIE) shown with the VT number. Ordering information can be obtained from that issue of RIE. In cases where the "Center Cost" is indicated as well as the ED number in the "ERIC System," those particular documents are also available from the Center.

---

[1] Research in Education is published 12 times a year. The first issue was no. 1, November 1966. Subscription: Domestic $21.00 a year; foreign, $5.25 additional. Single copy: Domestic, $1.75. Send check or money order (no stamps) to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.
